## Proceedings of the Government of His Highness the Maharaja of Travancore.

Read:—

1. Petition, dated 9th Edavom 1114, from Kanakku Azhakianambia Pillai Muthumperumal Pillai, Azhagianamby Vilasam, Thazhakudy, Thovala taluk.
2. Letter R.O.C. No. 3151/39, dated 6th February 1940, from the Devaswom Commissioner.
3. Letter R.O.C. No. 1176/39/Dev., dated 15th April 1940, to the Devaswom Commissioner.
4. Letter R.O.C. No. 3151/39, dated 2nd September 1940, from the Devaswom Commissioner.

ORDER R. DIS. No. 471/42/Dev., DATED TRIVANDRUM, 11TH JUNE 1942.

In his petition, dated 9th Edavom 1114, Kanakku Azhakianambia Pillai Muthumperumal Pillai, Azhakianamby Vilasom, Thazhakudy, Thovala taluk, represented to Government that the affairs of the Kaikonda Vinayakar Matom, Kottar, which was founded by one of his ancestors and handed over to the Shiyali Atheenam for management, were not being properly looked after, and requested that Government might be pleased to assume the management of the Matom. The Devaswom Commissioner who was asked to enquire into the allegations, reported that some of the properties of the endowments appeared to have been alienated and that some of the charities discontinued. He, therefore, recommended that a formal enquiry into the affairs of the Matom might be conducted. In letter R.O.C. No. 1176/39/Dev., dated 15th April 1940, Government authorised the Devaswom Commissioner to conduct a formal enquiry into the affairs of the Matom under Section 6 of the Hindu Religious Endowments Act of 1079, and submit a full report.

2. It is seen from the Devaswom Commissioner's report that the Kaikonda Vinayakar Matom in Vakaiyadi Theruvu, Kottar and its properties, which belonged to the petitioner's family, were given as gift to the Shiyali Atheenam, Tanjore, in the year 976 M. E. by the petitioner's ancestor with the reservation that the writing up of the accounts of the endowment would remain in the family, that subsequently, differences arose between the Pandarasannidhi of the Shiyali Atheenam and the endower's family about the extent of the rights of the parties over the endowment and that the dispute was finally decided by the High Court defining the respective rights of the Atheenam and the founder's family. Under this decree the entire management of the Matom is vested in the Atheenam. The family of the founder has the right of supervision and control over the management and of writing the accounts and receiving the remuneration fixed therefor. The High Court has also laid down that the Shiyali Atheenam has no right to divert the surplus funds of the Matom to any purposes other than the needs of the Matom and that the surplus should be invested in the Sirkar Savings Bank for the benefit of the Matom.

3. The Pandarasannidhi of the Shiyali Atheenam did not participate in the enquiry conducted by the Devaswom Commissioner. It was brought out at the enquiry that the properties of the Matom had been leased to the Santhikaran of the Matom and that the poojas were being conducted by the Santhikaran from the Pattom due on the properties. It was also disclosed that the Pandarasannidhi of the Shiyali Atheenam, the managing trustee of the Matom, seldom visited the institution, that poojas were not being performed properly, that certain vazhivadus to be conducted in the Valampiri Vinayakar and in the Suchindram Devaswoms were not being conducted regularly and in full, that the accounts were not being maintained and that the Matom buildings were in disrepair.

4. As the report disclosed that the affairs of the institution were not being managed properly, the case was posted for hearing on 27th October 1941 and notice was issued to the managing trustee to appear and show cause why action should not be taken under Section 6 of Act III of 1079 in regard to the management of the Matom. As the notice was returned unserved, the case was again posted for hearing on 7th April 1942 and a registered notice was issued to the managing trustee at his permanent residence. This notice was also returned unserved. A petition was, however, filed by the lessee-Santhikaran of the Matom stating that the institution was being properly managed by him.

5. The records of enquiry show that the managing trustee has not been taking any interest in the affairs of the Matom, and that the institution is mismanaged. In the circumstances, Government resolve to exercise superintendence over the management of

the affairs of the Kaikonda Vinayakar Matom, Kottar, under Section 5 (2) of the Hindu Religious Endowments Act of 1079 and order accordingly.

ORDER DIS. No. 474/42/DEV., DATED TRIVANDRUM, 11TH JUNE 1942.

In G. O. Dis. No. 786/37/Dev., dated 20th August 1937, Government sanctioned the adoption of a flat rate of (14) fourteen Chs. for a parah of paddy for the paddy allowances granted to private Devaswoms within the State, for a period of five years from 1st Chingom 1113. The Devaswom Commissioner has now requested Government to fix a commutation rate for payment of the grants from 1st Chingom 1118.

2. Government have considered the question and are of opinion that, in view of the unsteady conditions of the market, it is not feasible to fix a rate for a sufficiently long period. The commutation rate for Jenmikaram purposes has been fixed at (14) fourteen Chs. per parah of paddy with effect from the year 1118. Government, therefore, consider that the existing commutation rate of (14) fourteen Chs. per parah for the paddy allowance granted to private Devaswoms within the State may continue for another year, and they order accordingly.

Order R. Dis. No. 217/42/Army, dated Trivandrum, 10th June 1942.

The Infantry Battalions of the Nair Brigade (now the Travancore State Forces) originally consisted of members drawn from a single community viz., the Nairs, while recruitment to His Highness the Maharaja's Body Guard was from amongst Muslims and Nairs. In their Press Communique dated the 26th April 1935, Government decided to bring the Nair Brigade under the Indian States Forces Scheme and to widen the scope of recruitment to the Army so as to make it representative of the main classes of population. In pursuance of this declaration Government decided, at the time of the reorganisation, to give representation in the army to other communities in the State such as the Christians and the Ezhavas. His Highness' Government have now decided that recruitment to the Travancore State Forces will not be closed to the members of any community or religious persuasion. The relative proportions and the choice of personnel will however have to depend on the availability and suitability of candidates judged predominantly from the military point of view. Having regard to the past history and traditions of the Travancore Army, 50 per cent of the recruitments will be from the Nairs as at present.

It will be distinctly understood, moreover, that the recruitment from all communities and creeds will be subject to the desideratum, namely, of all the personnel being prepared to agree to common messing arrangements without insistence on which the efficiency and harmony of the State Forces cannot be maintained.

D. Dis. No. 9/42/C. F. S. NOTIFICATION.

The note entered at foot explaining the procedure to obtain permits from the Wheat Commissioner for India for the export or import of wheat from one province to another is republished for general information.

Huzur Cutcherry,
Trivandrum, 15th June 1942.

G. Parameswaran Pillai,
*Chief Secretary to Government.*

Enquiries are being received by the Wheat Commissioner consequent upon the issue of the Wheat Control Order as to the precise manner in which the order is to function. The procedure is therefore outlined in brief and it is hoped that the following explanation will clarify the position.

Quotas have been fixed for the wheat producing and consuming provinces based on the movements of wheat in recent years. Block quotas have been allotted to the provincial Price Controlling authorities in the wheat consuming provinces with due reference to the normal wheat imports into these areas. The quotas thus allotted are then distributed among the provincial wheat traders by the local Price Controlling authorities in accordance with their average past turn-overs. Armed with these sub-quotas, each importing dealer is assured of his supplies and it only remains for him to get into contact with the exporters in the normal manner and having concluded his transactions either apply to the Wheat Commissioner for an export permit or get the exporting merchants to make the necessary application. Both procedures amount to the same thing in that the movement of wheat is ultimately controlled by the issue of export permits. In certain instances it might be more convenient for the importing firm to apply for the permit on behalf of the exporter. Conversely it might in other cases be more convenient for the exporting firm to make the application.

The form of application for export permits is simple and calls for the following particulars:—

Month of export.
Name of the Consignor and address.
Name of the consignee and address.
Quantity (in standard maunds of 82 2/7 lbs.)
Quality.
Station or port of despatch and District and Province.
Station or port of destination and district and province; and
*Price per maund.

*Note.—Price is the price at which the wheat and wheat products have been sold or agreed to be sold. The price should not be given F. O. R. nor should it include the price of the bags.

As soon as these applications have been received by the Wheat Commissioner, they will be examined and checked up against the various quotas allotted to the provinces. If all is found to be in order, the necessary permit will be issued immediately. Every care is being taken to ensure that permits are issued quickly and it is hoped that in the great majority of cases applications will be met within a few days of their receipt.

Steps have been taken or will be taken shortly by the various provinces to register and license the provincial traders. This is being done not only to keep a check on the distribution of wheat and wheat products and to discourage hoarding but also to ensure, in the interest of efficiency, that those dealers only should continue handling the wheat trade who have already been established in this line of business for a number of years.

All permits whether issued to the importer or exporter must ultimately be handled by the person actually exporting the goods. Permits will be despatched by registered post or may in exceptional circumstances be handed over to the applicant in person, if convenient to the Wheat Commissioner's office. It will thus be incumbent on the exporter to return the permit form with the columns on reverse duly franked by the Station Masters at the stations of despatch or by the Collectors of Customs in the ports from which shipments are made. It is essential, therefore, that the parties in whose names the permit have been made out should keep such permits with them in a safe place in order to avoid the possibility of their falling into other hands and be used illegally. These permits, it is pointed out, are *not transferable*. Any breach of this condition is an offence. Particular attention is invited to this condition as sometimes applications are received for

permits for suspiciously large quantities of wheat and it is suspected that the permits may be traded in later on by allowing other dealers who have not received permits for some reason, actually to export the wheat concerned by permits.

When completed, the permits should be returned by the exporter preferably under registered cover to the office of the Wheat Commissioner for India, Imperial Secretariat, New Delhi.

Personal applications involving the seeking of interviews with the Officers of the Wheat Commissioner's organisation should be avoided as far as possible. Such interviews cannot achieve any more successful results for the applicants than if the applications are sent by post or delivered by messenger. The total number of permits to be issued is very large and it must be obvious that neither the time nor the staff can be spared for the purposes of entering into discussions with even the smallest proportion of the many thousands of wheat traders who are concerned in the operation of the wheat Control Order.

If these simple directions are observed by members of the trade, it will materially assist in the satisfactory operation of the control and result in the minimum of inconvenience both to the members of the business community and to the organization administering the Wheat Control Order.

## NOTICE.

The attention of the public is drawn to the fact that there seems to be at present a mistaken notion regarding the use of the Waste-not-taps that have been fitted up in the street fountains. Most of the people are seen to be constantly working the handle of the tap up and down (*i. e.*, closing and opening it) as it were a pump handle while drawing water from the fountains perhaps believing that the taps will function only then. As a result of this, there is an abnormal wear of the spindles and their life is very much shortened and they break soon. The object of this notice is to remove that mistaken notion from the minds of the Public.

Waste-not-taps are so constructed that, the water from the taps cannot be wasted by mischief-makers walking away leaving the tap open by some contrivance or other. In such cases, *i. e.*, when the taps are left permanently open the flow will automatically stop after the discharge of a certain quantity of water. It will begin to work again only if the tap is closed and then opened, that is to say, the lever handle is raised and pressed down once. So, all that the users of street fountains have to do is to close the tap by leaving off the handle when the flow stops and open it again immediately when the flow will resume and they are requested to follow the simple instructions given below while drawing water from the street fountains fitted with Waste-not-taps.

(1) Open the tap by pressing down the handle.

(2) Keep the handle in that pressed position till the flow of water from the tap stops.

(3) As soon as the flow stops, leave off the handle and press it again when the flow of water will resume.

## TRIVANDRUM DRAINAGE SCHEME.

### Intercepting Sewers and Branches.

The Trivandrum Drainage Scheme is put in hand and the laying of Sewers is in progress. Many of the Sewer lines have either to be taken along public roads or have to cross them in places. For this purpose trenches varying from 4 to 15 ft. in depth have to be cut on such roads to lay Sewer pipes. All possible measures will be taken to minimise the inconvenience to traffic. However, there are portions of roads to be unavoidably closed for through traffic in laying Sewers. Such portions will be indicated with cross fences and notice boards, danger lights, etc., at the nearest junctions for diverting the traffic. Also there are roads where Sewer lines have to be taken along a side and such portions will be fenced and caution boards put up wherever required, indicating that wheeled traffic and pedestrians have to move with great care on such roads. All possible arrangements will also be made for persons who have to cross the trenches. While taking all possible precautionary measures by this Department, the full co-operation of the public is invited.

SUPPLEMENT TO TRAV. GOVT. GAZETTE No. 44.
DATED 2ND MITHUNAM 1117/16TH JUNE 1942.

# Act XXIV of 1117.

## THE TRAVANCORE PATENTS AND DESIGNS (EXTENSION OF TIME) ACT, 1117.

An Act to provide for the extension of the time limited by or under the Travancore Patents and Designs Act, 1116 (XIV of 1116), for the doing of acts thereunder.

PASSED BY HIS HIGHNESS THE MAHARAJA OF TRAVANCORE UNDER DATE THE 28TH IDAVAM 1117 CORRESPONDING TO THE 10TH JUNE 1942.

Preamble.

Whereas it is expedient to provide for the extension of the time limited by or under the Travancore Patents and Designs Act, 1116 (XIV of 1116), for the doing of acts thereunder; It is hereby enacted as follows:—

Short title, extent and duration.

1. (1) This Act may be called the Travancore Patents and Designs (Extension of Time) Act, 1117.

(2) It extends to the whole of Travancore.

(3) It shall be in force until the termination of the present hostilities and for one year thereafter.

Power to extend time limits having regard to War circumstances.

2. (1) The Controller of Patents and Designs appointed under the Travancore Patents and Designs Act, 1116 (XIV of 1116), may, subject to such conditions, if any, as he thinks fit to impose, extend the time limited by or under that Act for doing any act, where he is satisfied—

(a) that the doing of the act within the time so limited was prevented by a person's being on active service or by any other circumstances arising from the existence of the present hostilities which, in the opinion of the Controller, justify an extension of the time so limited, or

(b) that, by reason of circumstances arising from the existence of the present hostilities, the doing of the act within the time so limited would have been or would be injurious to the rights or interests of the person by or on whose behalf the act is or was to be done or to the public interest.

(2) An extension under this section of the time for doing any act—

(a) may be for any period that the Controller thinks fit, notwithstanding that under the Travancore Patents and Designs Act, 1116 (XIV of 1116), power is conferred to extend the time for doing that act for a specified period only; and

(b) may be granted, notwithstanding that that time expired before any application or request for extension was made, or that, by reason of that act not having been done within that time, the relevant application, patent, registration or proceeding has ceased or expired, or become void or invalid, or been treated as abandoned, or been refused.
